I totally agree!!! I am trying! I will call you tomorrow. C

I just spoke w Bill

We need to get Anita to release the s.38 [redacted] DND equipment to Alberta. She has said no. PMO is aware of this. I may need your help. It's a transfer of equipment between federal departments. I am about to leave for Edmonton. Looking forward to chatting tomorrow.

Do you mean s.38 [redacted] tow trucks? C

Yes

Bill and Marco are also now keeping me in the loop about Coutts which has not happened all week. I made some clear & direct phone calls today.
